Packaging

Made out of respect for food

Discover solutions that revolutionize your food packaging. Our recyclable, compostable, reusable and easy-to-use packaging ensures superior protection and eye-catching presentation – made out of respect for food.

Trusted by restaurants, retailers, events and institutions, our packaging boosts efficiency and sustainability while simplifying the maintenance of the highest food safety standards. Wherever there's good food on the go, we provide the right accessories for your take-away business.

Designed for the *future of your business*

Sustainability is no longer a nice to have but a need to have. Our range of eating and drinking solutions is designed with responsibly sourced materials, allowing you to meet your sustainability goals without sacrificing style, design, price, or business success.

LABELS THAT MATTER

When browsing our assortment, keep an eye out for different environmental and quality certifications. Other certifications also shed light on how to dispose the product in a responsible way after use.

OK COMPOST HOME

The OK Compost HOME label and the DIN-Geprüft Home Compostable label indicate that the product can be composted at home, for instance by putting it on the compost heap in your garden.

OK COMPOST INDUSTRIAL

The OK Compost INDUSTRIAL label and the Seedling label indicate that the product is suitable for industrial composting and meets the stringent requirements of the European standard EN 13432.

THE FOREST STEWARDSHIP COUNCIL™ (FSC™)

Ensures that the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

NORDIC SWAN ECOLABEL

The Nordic Swan Ecolabel works to reduce the environmental impact from production and consumption of goods, with strict requirements in all relevant phases of a product's life cycle.

FLUSTIX

Flustix is a sustainability label for plastic-free and partially plastic-free products. The Flustix "PLASTIC FREE PRODUCT" certification ensures that the product is free from plastic as defined by strict criteria.

No Added PFAS

for ready to go meals

We offer the market's broadest range of food packaging solution products with no added PFAS. Pair your food with the right boxes and bowls to get the best use of the assortment.

Coated:

Bagasse PBAT/PLA-coated, max +100°C, recommended for greasy food, long-term use & storage

Discover
the Relevo range

Join the reuse revolution with Relevo, our innovative circular solution that combines premium-quality reusable containers with an intuitive digital tracking and inventory management system. With Relevo, restaurants, cafés, corporate dining, and catering services can effortlessly provide sustainable take-away options.

Relevo's pay-per-use model and the modular platform are tailored to your unique needs, enabling you to offer reusable food containers, bowls and cups. With the Relevo platform, thousands of disposable packages are saved daily, making sustainability simple while ensuring a great user experience and easy container management.

Customisation *personalise your success*

Your brand, and the responsible materials we use to create our packaging, both have a story to tell. Put them together and you'll be able to provide satisfying customer experiences and grow your business. Our experienced customisation team is standing by to help you personalise your success. We can support you every step of the way from creation and artwork to manufacture and delivery.

Keep an eye out for the pen to discover customisable products!

Customisable 
add your personal touch

PACKAGING SYMBOLS

that matter

Our product range features a variety of quality and environmental labels. To discover the solution that best meets your business needs, take a moment to understand what these symbols mean before proceeding.

→ PRODUCT FEATURES

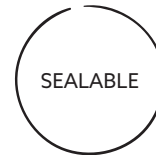

STACKABLE

To simplify service and save space, we offer solutions that are designed for optimal stackability.

MICROWAVE SAFE

To ensure you choose the best for your menu, we note which packaging is microwave safe.

SEALABLE

Sealable to elevate hygiene and convenience. Suitable with a DuniForm® machine.

OVEN SAFE

To ensure you choose the best for your menu, we note which packaging is oven safe.

ANTIFOG

To ensure delicious-looking displays, we offer a selection that resists condensation.

LEAK PROOF

To ensure a spill-free experience for liquid components, we offer leak-resistant packaging.

TEAR OFF

Containers with hinged lids feature a convenient tear-off function, allowing you to easily remove the lid while eating.

→ PRODUCT MATERIALS

RENEWABLE MATERIAL

RENEWABLE MATERIAL

We use renewable natural materials which can be replenished as fast as they are used up.

RESPONSIBLY SOURCED

RESPONSIBLY SOURCED

We use raw materials from responsibly managed plantations, including FSC™-certified.

RECYCLED MATERIAL

RECYCLED MATERIAL

We use recycled materials. For instance, RPET is made from recycling plastic.

COMPOSTABLE MATERIAL

COMPOSTABLE MATERIAL

This identifies packaging material that is independently certified as either home or industrially compostable according to the standard EN 13432. Industrially compostable certified products will disintegrate within 84 days and biodegrade within 180 days in industrial composting conditions. Certified home compostable products will biodegrade within 365 days in home composting conditions. We list the certification standards and our unique certificate number.

However, not all countries have the infrastructure to support effective composting according to these standards. Limited access to industrial composting facilities in many regions can hinder the proper processing of compostable materials. Please check with your local authorities.

Viking Takeaway Boxes:

*Durable, Versatile,
and Customisable*

Viking is one of our most popular ranges of takeaway boxes with lids, designed to meet the needs of cafés, fast-food restaurants, delis, and food trucks. Available in various sizes, the Viking boxes are ideal for both hot and cold foods.

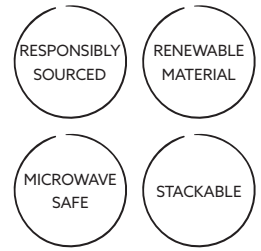

Made from FSC™-certified kraft paperboard, the Viking takeaway boxes and lids can be customised to fit your brand. The boxes offer excellent leak resistance thanks to their double-folded corners, and both the boxes and lids are microwave-safe, providing convenient reheating options. The wide-top design enhances food presentation, making freshly prepared meals visually appealing. Choose between lids with or without windows to suit your packaging preferences.

Viking boxes are sturdy, stackable, and easy to transport. The lids are flat-packed, saving storage space and making them easy to unfold. Additionally, some boxes can feature fun games on the bottom, adding a unique and playful touch to your packaging!

Material: Aluminium

Pack. conf.: 1pcs/cu | 6cu/sku

Foil in Dispenser with Cutter 45cm x 150m

Article number: 719400

Material: Aluminium

Pack. conf.: 1pcs/cu | 6cu/sku

Refill Foil to Dispenser Box with Cutter 45cm x 150m

Article number: 719410

Material: Aluminium

Pack. conf.: 1pcs/cu | 3cu/sku

Fits: 719400

ReDine

Reusables for any event and mood ✨

Made from durable PP/PP + Mineral/Tritan/SAN, the reusable plastic products are made to withstand claps, bumps and the most spontaneous of cheers. Meant for convenient reuse, all items are dishwasher safe and can handle 50+ cycles. To top it off: the reusable food containers, cups, plate and deep plate are safe to use in a microwave.

Materials

SAN (styrene-acrylonitrile) is a durable and transparent material known for its exceptional clarity and impact resistance, perfect for long-lasting items. SAN is currently used for certain products in our glasses range. The recyclability of SAN can vary across regions. It is advisable to refer to local guidelines and recycling programs for proper disposal and potential reuse. When recycling isn't possible, SAN can be responsibly directed towards energy recovery processes.

TRITAN (copolymer) stands out for its remarkable durability and unparalleled clarity, making it an excellent choice for enduring products. TRITAN is currently used for certain products in our glasses range. The recyclability of TRITAN can vary across regions. It is advisable to refer to local guidelines and recycling programs for proper disposal and potential reuse. When recycling isn't possible, TRITAN can be responsibly directed towards energy recovery processes.

Polypropylene (PP) is a durable material valued for its exceptional resistance, rigidity and manufacturing flexibility, making it an ideal material for crafting long-lasting reusable products. PP is currently used for certain products in our bowls, cutlery, cups and glasses ranges. Although polypropylene is recyclable and commonly accepted in many recycling programs, it is advisable to refer to local guidelines and recycling programs for proper disposal and potential reuse.

Polystyrene (PS) is a cost-effective and versatile material, known for its clarity and rigid properties, a good choice for reusable products. PS is currently used for certain products in our cutlery and glasses ranges. The recyclability of PS can vary across regions. It is advisable to refer to local guidelines and recycling programs for proper disposal and potential reuse. When recycling isn't possible, PS can be responsibly directed towards energy recovery processes.

Dishwasher proof: 500 cycles
Microwaveable: Max. 100 °C up to 10 minutes
Freezer safe: Yes
Pack. conf.: 40 psc/cu | 2 cu/sku

SMALL LID Everywhere

Art nr. 208042
Color: Semi-transparent
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 100 °C up to 10 minutes
Freezer safe: Yes
Pack. conf.: 40 psc/cu | 4 cu/sku

LARGE LID Everywhere

Art nr. 208044
Color: Semi-transparent
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 100 °C up to 10 minutes
Freezer safe: Yes
Pack. conf.: 40 psc/cu | 4 cu/sku

OVAL LID Everywhere

Art nr. 208046
Color: Semi-transparent
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 100 °C up to 10 minutes
Freezer safe: Yes
Pack. conf.: 40 psc/cu | 2 cu/sku

BOX Pizza

Art nr. 208047
Dimensions: 370 x 370 x 39 mm
Color: Dark grey
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 100°C < 10 min
Freezer safe: Yes
Pack. conf.: 34 psc/cu | 1 cu/sku

Plates

PLATE Serve

Art nr. 208025
Dimensions: 235 x 235 x 22 mm
Color: Beige
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 900W < 5 min
Freezer safe: Yes
Pack. conf.: 6 psc/cu | 9 cu/sku

DEEP PLATE Serve

Art nr. 208026
Dimensions: 178 x 178 x 44 mm
Volume: 500 ml
Color: Beige
Material: PP
Dishwasher proof: 500 cycles
Microwaveable: Max. 900W < 5 min
Freezer safe: Yes
Pack. conf.: 6 psc/cu | 9 cu/sku

PLATE Party

Art nr. 208649
Dimensions: 200 x 200 x 12 mm
Color: Transparent
Material: PS
Dishwasher proof: 125 cycles
Microwaveable: No
Freezer safe: No
Pack. conf.: 10 psc/cu | 1 cu/sku

Cutlery

Customisation through logo plug
and other colours **possible**.

FORK Granite

Art nr. 208027
Dimensions: 180 x 24 x 17 mm
Color: Dark grey
Material: PP
Dishwasher proof: 500 cycles
Pack. conf.: 100 psc/cu | 6 cu/sku

KNIFE Granite

Art nr. 208028
Dimensions: 190 x 19 x 6 mm
Color: Dark grey
Material: PP
Dishwasher proof: 500 cycles
Pack. conf.: 100 psc/cu | 6 cu/sku

SPOON Granite

Art nr. 208029
Dimensions: 170 x 33 x 15.5 mm
Color: Dark grey
Material: PP
Dishwasher proof: 500 cycles
Pack. conf.: 100 psc/cu | 6 cu/sku

FORK Clear

Art nr. 309010
Dimensions: 183 x 25 x 12 mm
Color: Transparent
Material: PS
Dishwasher proof: 50 cycles
Pack. conf.: 12 psc/cu | 20 cu/sku

KNIFE Clear

Art nr. 309091
Dimensions: 188 x 19 x 4 mm
Color: Transparent
Material: PS
Dishwasher proof: 50 cycles
Pack. conf.: 12 psc/cu | 20 cu/sku

SPOON Clear

Art nr. 309092
Dimensions: 185 x 36 x 13 mm
Color: Transparent
